

4 Day New Zealand 4WD Escape Exclusive to Great Divide Tours

14-17 January 2011

20-23 May 2011

7-10 October 2011

It is just 3 hours flight to New Zealand and it doesn't cost a fortune, you might even have some Frequent Flier points to use. New Zealand might be just 3 hours away but it is a whole world away in terms of its scenery and pace of life.

Here at Great Divide Tours we know how hard you work, so having a little time off where everything (bar the driving) is done for you in a location completely different from Australia might be just what you need.

It is no secret that I love four wheel driving in Australia, but I've also found the activity in New Zealand is equally rewarding even though the scenery is nothing like Australia. As a result I want to share my new found passion with you.

Here is the itinerary for our New Zealand 4WD escape.

Friday – Fly to Christchurch and you will be picked up in a stretch limo and delivered to your Motel. In the evening you will meet your NZ tour guide and enjoy a great meal with your guide and fellow travellers.

Saturday – Your personal 4WD hire vehicle is delivered to your Motel and you head off with your guide (tag-along style) to a private High Country Station in the Southern Alps, we explore the station and amazing alpine scenery being led over the 4WD tracks by our expert NZ guide. Tonight we stay on the Station and experience some High Country hospitality and enjoy a fantastic dinner with our New Zealand hosts.

Sunday – Up early for breakfast and back into the 4WD driving we head to another private high country station stopping at the beautiful Rakaia Gorge on the way to go Jet boating on the mighty Rakaia River. Lunch on the High Country Station beside the river then spend the afternoon trekking alongside Lake Stream to the Maori Lakes and on to the incomparable Lake Heron, and returning to Christchurch for a well-earned meal and relax with a complimentary bottle of wine.
